

REMARKS

Claims 1-28 are currently pending. By this amendment, claims 1, 3, 4, 9, 18-20, 22, 23 and 28 are amended.

The Office Action rejects claims 1, 3-4, 8, 18-20, 22-23 and 27-28 under 35 U.S.C. §102(e) over Lakritz (US Pat. 6,623,529), rejects claims 2, 5-7, 9-16, 21 and 24-26 under 35 U.S.C. §103 over Lakritz in view of Davis (US Pat 5,432,948) and rejects claim 17 under 35 U.S.C. §103 over Lakritz in view of Davis and further in view of Christensen (US Pat. 6,381,567). These rejections are respectfully traversed.

The independent claims recite, *inter alia*, initializing the computing device with a portion of font data for a particular language, the portion including less than all of the font data for the particular language, receiving input text in the computing device to initiate the document creation process, based on the input text, determining whether the portion of the font data is sufficient to create the document on the computing device, and loading a further portion of the font data to the computing device from a data storage location if the computing device cannot create the document with the portion of the font data, or slight variations thereof. None of the applied references disclose or suggest these features and therefore the references do not anticipate or render obvious the claims of the application.

In particular, the references do not disclose or suggest initializing the computing device with a portion of font data for a particular language, the portion including less than all of the font data for the particular language. Instead, for example, Lakritz simply loads a needed font. Further, the applied references do not determining whether the portion of the font data is sufficient to create the document on the computing device, and loading a further portion of the font data to the computing device from a data storage location if the computing device cannot create the document with the portion of the font data.

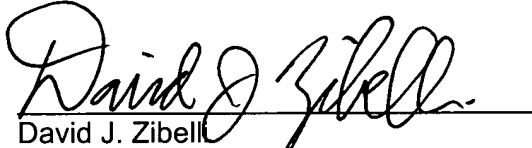

In light of the foregoing, Applicant respectfully submits that all pending claims 1-28 are in condition for allowance. Prompt reconsideration and allowance of the present application are therefore earnestly solicited.

The Office is authorized to charge any additional fees under 37 C.F.R. § 1.16 or § 1.17 or credit of any overpayment to Kenyon & Kenyon Deposit Account No. 11-0600.

Respectfully submitted,

KENYON & KENYON
